Dear Sir / Madam,

Remarkably talented, value-driven professional offering nine years of experience in Information Systems and Technology, product development and global telecommunications. Verifiable track record in increasing performance through dynamic leadership, strategic planning, process design, technology innovation and change management. Excel in guiding of staff and vendors to provide solutions that deliver greatest business value. Equally adept in capitalizing on interpersonal and technological skills to create unique blend of innovative solutions and products. Thrive on opportunities to drive people, processes and technology.

Possess passion for high-tech business solutions. Experience in LAN/WAN technologies, Virtualization, cloud computing, operating systems (Windows & Linux), information security, server management, perimeter firewalls, contingency and disaster recovery, database administration and data center management. I have enjoyed a highly successful career from my current employee and believe it is time for me to move to greater challenges.

You will find me to be a resourceful and self-motivated individual, with the ability to work supportively within a team environment, and communicate effectively at all levels. I bring an enthusiastic, diligent and dedicated attitude together with the ability to adapt readily to varying job demands. I would appreciate the opportunity of an interview to discuss my qualifications in greater detail, and can be reached at the above telephone number to arrange an appointment at a mutually convenient time.

Thank you for your time and consideration. I look forward to hearing from you.

Regards,

Martin O. Osonga
