ABOUT US¹

1. Overview	Agano Consulting Inc. and Agano Consulting Ltd are sister consulting, training and research firms, incorporated in Canada and Kenya, respectively. We help businesses, government and non-government organizations meet their consulting, research and training needs; and employ diverse expertise and experience to offer solutions in Information Communication Technologies (ICTs). We seek partnership with clients to meet their challenges in order to realize promises made and in the process become the trusted partner in areas of collaboration. Our services include:
2. Consulting with focus on ICT Governance, Security & Risk Management	We cover a broad range of areas with emphasis in Information Communication Technologies (ICTs), offering strategic advice, policy review & recommendations, policy development, program design & implementation. Specific focus on IS Governance & Strategy; ICT Policy, Standards and Guidelines, Education & Awareness, Information Security Risk & Compliance Assessments, Vulnerability Management & Pen-Testing, PCI & ISO27001 Certification Readiness, & Digital Forensics.
3. Training with focus on IT and Information Security Risk Management	Training is based customer needs and can be turnkey or specific, and aligned with our team's core competences. Training targets all areas of expertise and spans a whole range of needs starting with top management to the shop floor. <u>A key focus area is ICT Governance, Security and Risk Management</u> with courses such as CISSP Bootcamp, IS Auditor Training, Disaster Recovery Planning and Business Continuity & Fraud investigations; Project Management.
4. Research with focus on ICT Market Research	We offer services that focus on results with deep insights on specific problems in a broad range of expertise drawn from ICTs, SME, Economics, Environment, Social Research and Education. Assignments can focus on matters of policy development, benchmarking and program evaluation.
5. Staff Augmentation with focus on IT and Information Security Risk Management Professionals	We augment skills in a company where the need arises. Often companies may not have the resources to meet specific needs that may be required for a time. Our staff and associates are qualified for such positions as Chief Information Security Officer (CISO), Information Security Managers, and Information Security Analysts.
6. International Business Outsourcing with focus on African Markets	Our company works with outsourcing clients to match their needs with outsourcing partners and ensure successful deal implementation.
7. Intellectual Property Advisory Services	We advise inventors, artists, writers, among others, on matters of intellectual property (IP) processes and how they can benefit from the world IP regime. We help demystify the IP registration process and, in partnership with a team of lawyers, register related IP as sought by our clients.
