Dear Sir,

**STAKEHOLDERS MEETING ON "The Way to Connect Kenya Better":  
CALL FOR JOINT COORDINATION DURING INFRASTRUCTURE DEPLOYMENT**

As you are aware, Information and Communications Technologies -ICTs are the key enabler in accelerating our country's development agenda towards realization of the vision 2030 goals.

Despite the above, there have been instances where the ICT infrastructure, especially optic fibre cables has been damaged or destroyed by various stakeholder or service providers in the course of their activities.

The Kenya Power and Lighting Company in partnership with the Ministry of ICT and the ICT Authority invites you to the Joint Coordination during Infrastructure Deployment Forum as per the details below:-

**Venue:** Silver Springs Hotel  
**Dates:** Thursday 10th December 2015  
**Time:** 8:00 am to 2.00pm

The theme of the event will be "*The Way to Connect Kenya Better*"  
Kindly send at least **two (2)** relevant representatives from your organization to attend this important event.

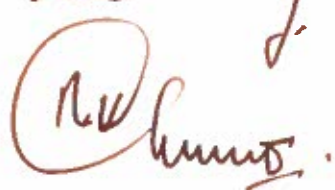

The meeting will bring together stakeholders in the public and private sector ICT and Infrastructure industry that includes Regulators, Infrastructure Authorities, and Telecoms Operators, Broadcasters, academia, and ICT businesses.

The forum will delve into the following pertinent issues:-

1. Overview of deployed ICT Infrastructure in Kenya
2. How do service providers and stakeholders engage when deploying infrastructure (Roads, Telecoms rail, broadcast, electricity etc.)
3. Way leaves fees by stakeholders. Are we encouraging investment opportunities?
4. How shall we engage to connect Kenya better?
